TO: All Europe Young people in A.A. Convention (EURYPAA) Board

Dear all,

in December 2018 an Independent Organizing Committee of the Eurypa 2020 Poland, formed by members of Alcoholics Anonymous Poland, participated in the Trustee Committee meeting, where they presented us with the idea of a bid to hold the EURYPAA Convention in Poland in 2020.

The proposal was met with a lot enthusiasm and was widely acclaimed by all the Trustee Committee members.

We strongly believe that the convention could be of great use to help people of all ages to identify with the fellowship and feel part of it.

As a result, we want to confirm our approval for the idea and say that the General Service Office office of AA Poland fully endorses and supports this initiative for the purpose of passing on the message to still suffering alcoholics in Poland, especially the younger generation.

The General Service Office of AA Poland will not interfere in the planning of the convention but will be happy to offer as much support as possible to prepare and organize the convention.

We wish everyone who attends this year's EURYPAA 2019 in Barcelona a very fruitful experience.

DYREKTOR ZARZĄDU

  
Paweł Krysztofiak
